**Re: Congregation B’Nai Jehoshua Beth Elohim
Slate Wall Tile Installation**

Dear Marc:

I just wanted to drop you a quick note to pass along the numerous comments and praise we have been receiving from the recently completed slate wall tile installation at BJBE. This was truly a unique project with many challenging details all under a very tight deadline. However, the Architect and Owner have both been thoroughly impressed with both Sullivan’s quality and attention to detail. For this, Sullivan Roofing should be commended for another job well done.

Thanks again,

Steve Moeller
Project Manager
